Sacred Affections. mf if, indeed, 'tis not the outward state, temper of the soul by which we rate ladness or joy, then let thy bosom move With noble thoughts, and wake then into love,
Then let the feeling in thy breast be given
To noble ends—this, amotified by Heaven,
And springing into life, new life impart,

The set the feeling in thy breast be given to have a good oried and, you must plant to have a good oried and, you went to have a good oried and, you went to have a good oried and, you went to have a good or hand, you and have you mand the plant them on the open prairte, if you go to the nursery you must another you and have you mand they went to have good or hand, you and have you had not a good or hand, you and have good or hand, you and have you had have good or hand, you and have you had they were not to awake if the morning, come which you shall neverse the morning con or selecting or selecting cherry, plunt of plant them on the open prairte, if you go to the purple of the p

degree of intellectual refinement in the female, is the surest pledge society can for the improvement of the male. But wit in women is a jewel, which, unlike all others, borrows lustre from its sitting, rather than bestows it; since nothing is so easy as to fancy a very beautiful woman extremely witty. Even Madame de Stael admits that sie discovered, as she grew old, the men could not find out that wit in her at fifty, which she possessed at twenty-five; and yet the external attractions of this lady, were no means equal to those of the top, which is often absolute is often absolute in the top, which is often absolute is often absolute in the top, which is often absolute is often absolutely necessary with fall limbless whipstocks.

Each tree in particular should never be more than one year old. Of the small fruits, goosberries and currants should never be over two or three years old. In selecting trees of all kinds avoid those of unnatural, rapid growth, or that have decayed spots on the trunk. But the first and most important thing to look to, and to insist upon, is an abundance of root. More trees fail MORRIS AND WILLIS'S indianapolls, Ind.
